  Trauma to the Thorax and Abdomen, by J. D. Martin, Jr., C. D. Haynes, C. R. Hatcher, Jr., R. B. Smith, III, and H. H. Stone (Glass), 394
Brachial plexus injury following median sternotomy incision (Kirsh et al.), 315
Bronchus
  benign bronchial polyps and papillomas (Freant and Sawyers), 460
  injuries of trachea and bronchi (Ecker et al.), 289
Byron, Francis Xavier, memorial lecture
  empyema thoracis, essentials of present-day management (Samson), 210

Cardiac surgery, anesthesia and supportive care during and after (Tarhan and Moffitt), CURRENT REVIEW, 64
Cardiopulmonary bypass
  beneficial effects of chlorpromazine on pulmonary hemodynamics after (Borman et al.), 570
  epsilon-aminocaproic acid for bleeding after (Midell et al.), 577
  experimental, constancy of myocardial digoxin concentration during (Molokhia et al.), 222
  synchronous diastolic coronary perfusion in experimental acute coronary ischemia (Selmonosky et al.), 409
Carotid sinus nerve stimulator
  in treatment of angina refractory to other surgical procedures (Dart et al.), 348
  in treatment of intractable angina pectoris (Braunwald), EDITORIAL, 90
Catheter(s)
  arterial, simple method of flushing (Aslam), NOTE, 61
  emboli, transvenous removal from heart and great veins by endoscopic forceps (Smyth and Rogers), 403
Chlorpromazine, beneficial effects on pulmonary hemodynamics after cardiopulmonary bypass (Borman et al.), 570
Coarctation of aorta. *See* Thoracic aorta
Collective and current reviews
  anesthesia and supportive care during and after cardiac surgery (Tarhan and Moffitt), 64
  coarctation of thoracic aorta (Lindesmith et al.), 482
  mediastinal tumors and cysts (Oldham), 246
Coronary arteries
  congenital coronary arteriovenous fistulas (Horiuchi et al.), 102
  congenital coronary artery fistula (Liddle et al.), 532

reply to limitations of phonocardiographic assessment of ball variance (Delman et al.) (Hylen), 606

Digoxin concentration, myocardial, constancy during experimental cardiopulmonary bypass (Molokhia et al.), 222
Disc variance of Beall mitral valve (Robinson et al.), 11

Ebstein's anomaly, surgery for (Kitamura et al.), 320
Editorials
carotid sinus nerve stimulator in treatment of intractable angina pectoris (Braunwald), 90
changes in name and status of Board of Thoracic Surgery (Paulson), 92
durable poppet (Scott), 604
Embolism, pulmonary, fatal, from jugular veins following benign superior vena cava syndrome (Shah-Mirany et al.), CASE REPORT, 238
Empyema thoracis, essentials of present-day management (Samson), 210
Endoscopic forceps, transvenous removal of catheter emboli from heart and great veins by (Smyth and Rogers), 403
Eosinophilic granuloma of lung (Stanford et al.), 299
Epsilon-aminocaproic acid for bleeding after cardiopulmonary bypass (Midell et al.), 577
Esophagus
carcinoma of (Leon et al.), 583
distal, and descending thoracic aorta, transpericardial exposure of (Groves and Effler), 438
esophageal malignancies, primary and secondary, unusual presentations of (Orringer and Skinner), 305
secondary necrosis of, with acute traumatic rupture of thoracic aorta (Lacombe et al.), CASE REPORT, 171

Fistula(s)
arteriovenous, reflections on (Holman), RECOLLECTIONS, 176
bronchopleural, present-day study of an old problem (Malave et al.), 1
congenital coronary arteriovenous (Horiuchi et al.), 102
congenital coronary artery (Liddle et al.), 532

Grafts, synthetic vascular, cuffed, for prevention of suture line insufficiency (Robicsek et al.), NOTE, 57
Granuloma, eosinophilic, of lung (Stanford et al.), 299

Heart. *See also* Heart valves; Heart ventricle
anoxia
anoxic cardiac arrest, functional and metabolic effects (Goldman et al.), 122
normothermic myocardial, effects on canine heart with left ventricular outflow obstruction (Levitsky et al.), 229
atrium
atrial septal defect with left atrial inferior vena cava (Kim et al.), CASE REPORT, 165
hidden hypernephroma simulating right atrial tumor (Ardekani et al.), CASE REPORT, 371
permanent transvenous atrial pacing, experimental and clinical study (Smyth et al.), 360
cardiac arrest, prolonged, resuscitation following (Skinner et al.), 201
congenital coronary arteriovenous fistulas (Horiuchi et al.), 102
congenital coronary artery fistula (Liddle et al.), 532
gunshot wounds of, changing patterns of surgical management (Beall et al.), 523
intracardiac repair for anomalous pulmonary venous connection of right lung to inferior vena cava (Murphy et al.), 38
myocardial digoxin concentration, constancy during experimental cardiopulmonary bypass (Molokhia et al.), 222
myocardial revascularization, direct, preoperative assessment of left ventricular function in patients selected for (Young et al.), 395
persistent left superior vena cava draining into left atrium with absent right superior vena cava (Sherafat et al.), CASE REPORT, 160
total correction of transposition, Mustard procedure as second stage with previous Baffes operation (Baffes et al.), 113
Heart surgery
anesthesia and supportive care during and after cardiac surgery (Tarhan and Moffitt), COLLECTIVE REVIEW, 64
Heart valves
aortic
catheter-mounted (Moulopoulos et al.), 423
insufficiency, double-outlet right ventricle, and pulmonary stenosis, correction in a Jehovah's witness (Hallman et al.), CASE REPORT, 472
regurgitation (Linhart), 27
heterograft
inadequacy for mitral valve replacement (Geldof et al.), 343
valve implant in tetralogy with absent pulmonary valve (Cornel et al.), CASE REPORT, 51
mitral
Beall, disc variance of (Robinson et al.), 11
excision, two-point hook for (Bryant and Trinkle), NOTE, 480
replacement, unusual complications in presence of calcification of annulus (MacVaugh et al.), 336

prosthetic
durable poppet (Scott), EDITORIAL, 604
hemolytic anemia of and myocardial infarction, confusion due to similar LDH isoenzyme patterns (Hammermeister and Merendino), 431
replacement in patients with severely reduced cardiac output (Bryant and Trinkle), 517
tricuspid
surgery for Ebstein's anomaly (Kitamura et al.), 320
Heart ventricle
correction of ventricular septal defect in childhood (Ibach et al.), 499
double-outlet right ventricle, palliative approach (Hartmann et al.), 18
double-outlet right ventricle with pulmonary stenosis and aortic insufficiency, correction in a Jehovah's witness (Hallman et al.), CASE REPORT, 472
left ventricular apex-to-thoracic aorta shunts using aortic valve allografts in calves (Detmer et al.), 417
left ventricular function, preoperative assessment in patients selected for direct myocardial revascularization (Young et al.), 395
mechanical ventricular assistance, organ blood flow measured by radionuclide-labeled microspheres during (Raciti et al.), 43

Infarction, pulmonary, lung abscess secondary to (Vidal et al.), 557
Intercostal nerve block after thoracotomy, technique for (Bryant et al.), NOTE, 388

LDH isoenzyme patterns in myocardial infarction and prosthetic valve hemolytic anemia, confusion due to similarity (Hammermeister and Merendino), 431
Liver, heterotopic (supradiaphragmatic) (Sehdeva and Logan), CASE REPORT, 468
Lung
abscess secondary to pulmonary infarction (Vidal et al.), 557
bronchopleural fistula, present-day study of an old problem (Malave et al.), 1
cancer with heart and great vessel involvement, extending operability in (Bailey et al.), 140
carcinoma of (Dillon and Postlethwait), 193
compliance and pulmonary surfactant activity, comparative study in human subjects (Thomas), 133
eosinophilic granuloma of (Stanford et al.), 299
pulmonary function in surgical patients, computer analysis of (Neely et al.), 565
surgical treatment of pulmonary disease due to *Mycobacterium kansasii* (Zvetina et al.), 551
transplantation
long-term survival in immediately functioning transplanted primate lung (Joseph and Morton), 442
Lymphoma, current concepts of thoracic surgery in management of (Munnell), 151

Mechanical ventricular assistance, organ blood flow measured by radionuclide-labeled microspheres during (Raciti et al.), 43
Mediastinum
renal failure, deafness, and brain lesions following neomycin irrigation of (Gruhl), CASE REPORT, 376
tumors and cysts of (Oldham), COLLECTIVE REVIEW, 246
Mycobacterium kansasii, surgical treatment of pulmonary disease due to (Zvetina et al.), 551
Myocardial infarction and prosthetic valve hemolytic anemia, confusion due to similar LDH isoenzyme patterns (Hammermeister and Merendino), 431

Neomycin irrigation of mediastinum followed by renal failure, deafness, and brain lesions (Gruhl), CASE REPORT, 376
Nerve block, intercostal, after thoracotomy, technique for (Bryant et al.), NOTE, 388

Perfusion. *See* Cardiopulmonary bypass
Polyps and papillomas, bronchial, benign (Freant and Sawyers), 460
Pulmonary function in surgical patients, computer analysis of (Neely et al.), 565

Recollections
reflections on arteriovenous fistulas (Holman), 176
Resuscitation following prolonged cardiac arrest (Skinner et al.), 201

Shunt(s)
left ventricular apex-to-thoracic aorta, in calves, using aortic valve allografts (Detmer et al.), 417
systemic-to-pulmonary artery, surgical, intraoperative evaluation of (Daicoff), 97
Waterston, simplified technique for performing (Lansing), NOTE, 385
Society of Thoracic Surgeons
membership roster, 278
notices, 314, 498, 610
officers, 276

membership roster, 187
notices, 17, 335, 416, 569
Sternotomy incision, median, brachial plexus injury following (Kirsh et al.), 315
Subclavian venipuncture and its complications (Fontenelle et al.), 331
Suture line insufficiency, prevention using cuffed synthetic vascular grafts (Robicsek et al.), NOTE, 57

Tetralogy of Fallot
with absent pulmonary valve, heterograft valve implant in (Cornel et al.), CASE REPORT, 51

acyanotic, successful operative repair in 61-year-old man (Sisel et al.), CASE REPORT, 598
malformation, experience with repair in adults (Bender et al.), 508
Thoracic aorta
acute traumatic rupture with secondary necrosis of esophagus (Lacombe et al.), CASE REPORT, 171
coarctation of (Lindesmith et al.), CURRENT REVIEW, 482
descending, and distal esophagus, transpericardial exposure of (Groves and Effler), 438
left ventricular apex-to-thoracic aorta shunts using aortic valve allografts in calves (Detmer et al.), 417
recurrent coarctation of (Stansel and Newbold), CASE REPORT, 380
Trachea and bronchi, injuries of (Ecker et al.), 289
Transposition of great vessels
superior vena cava syndrome following complete correction (Mustard repair) (Mazzei and Mulder), CASE REPORT, 243
total correction, Mustard procedure as second stage with previous Baffes operation (Baffes et al.), 113
